

REMARKS

This amendment is merely to correct a copy of minor typographical errors in the specification. In particular, on page 27, lines 1-2, the equation “ $|\alpha| \ll 0^\circ$ ” is a clear typographical error. The rest of the paragraph states that $\phi_{out} \approx 90^\circ$, i.e., $\phi_{out} = 90^\circ + \alpha$. Hence, α must be nearly equal to zero. Therefore, the equation should be “ $(|\alpha| \leq 0^\circ)$ ”, and has been amended as such.

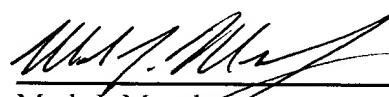

On page 31, ln. 1, the symbol “ θ ” was not correctly printed but instead “ \grave{e} ” was printed. This was merely a typographical error.

As no new matter is being added in this amendment, it is requested that it now be entered.
